# School's Mobile Phone Policy

- To ensure that students stay focused during lessons, they are required to place their handphones in their bags and ensure that the handphones are switched off or in silent mode.
- Handphones may be used during recess, lunch and after school, and only at the canteen and foyer areas. If a student violates this rule, the device will be confiscated for a week and parents/ guardians will have to come to school to claim the item.

# As a Self-Discipline Newtowner.....

## ZERO Tolerance to Bullying.

Bullying: repeated or persistent behaviours intended to cause hurt, distress or humiliation.

# **As a Self-Discipline Newtowner.....**

## **ZERO Tolerance to Bullying.**

- What can we do to create a caring and enabling school environment?
- What can we do to be an Upstander and not a Bystander?

# Vaping

**Keep your child Vape-free**

**Why SHOULD parents take note?**

Globally, there is a worrying trend on the uptake of e-cigarettes, especially among youth. The promotion of e-cigarettes to the young has resulted in an exponential increase in the number of young people using e-cigarettes in other countries.

While there are still ongoing health effects of e-cigarettes, existing evidence shows that the harmful chemical composition within e-cigarettes pose many health risks to their users and non-users.

**How to identify an e-cigarette?**

E-cigarettes come in a variety of shapes and sizes, some look like traditional tobacco products like cigarettes, cigars and pipes, while others look like everyday items like USB flash drives and pens. This should not be confused with heated tobacco products (HTP), also known as Heat-Not-Burn products, which contain a small amount of tobacco stick that is heated electronically, rather than burned.

**What can you do as a parent?**

- Talk to your teen on the harmful effects of smoking and vaping.
- Monitor your child's online activities.
- Look out for these products at home.
- Advise your child to dispose of e-vapourizers and accessories if they possess any.
- Contact Health Sciences Authority (HSA), Health Promotion Board (HPB) or School for advice.

**All e-cigarettes and their related accessories are prohibited in Singapore:**

- Regardless of age, it is an offence to purchase, use or possess them in Singapore. Offenders can be fined up to \$2,000.
- It is also an offence to advertise, import, distribute, sell, offer to sell or supply e-cigarettes. These products in Singapore. Offenders can be fined up to \$10,000, or face an imprisonment of up to 6 months, or both for first time offenders.

**How do children obtain e-cigarettes if they are illegal?**

Common hiding places:

Vaping, like traditional cigarettes is **harmful** and can lead to **lifelong addiction**. E-cigarettes contain harmful substances such as nicotine, benzene and formaldehyde.

Sale, purchase, use, advertisement or possession of vape (including vape refills) is **prohibited** by law in Singapore, **regardless of age**.
